Available Upon Request

P R O F E S S I O N A L S U M M A R Y

- I am a full-stack developer with a passion for collaboration, creative problem solving, and continued personal and professional growth.
- Nine-years of elementary classroom teaching experience have taught me to be adaptable, organized, and self-sufficient.
- Three months of University of Denver's Full-Stack Coding Bootcamp have proven that I can thrive in a fast-paced environment.

P R O J E C T S

BUBBLE DUNGEONZ

<https://bubbledungeonz.herokuapp.com/>

A MERN stack game-hosting app with a live chat feature

- As client owner, developed and maintained consistent styles and themes for application UX/UI
- As a team member, coordinated and collaborated to push from start to deployment in only five days
- Personally responsible for app theme, front-end React logic, component routing, and Apollo Client server queries
- Tools: ReactJS, CSS, Bootstrap, JSON Web Tokens, NodeJS, ExpressJS, MongoDB, Apollo GraphQL

KISS THE COOK

<https://kiss-the-cook.herokuapp.com/>

A full-stack recipe-sharing app for the blog-averse home cook

- As agile team scrum-master, led daily morning meetings and developer check-ins
- Personally responsible for creation of wire frame, server, MySQL models, seed files, user authentication, CRUD request routes, and some front-end JavaScript logic
- Tools: HTML, CSS, Bootstrap, Handlebars, NodeJS, Bcrypt, ExpressJS, MySQL, Sequelize, AnimeJS
