PROFESSIONAL SUMMARY

- I am a full stack developer with a passion for collaboration, creative problem-solving, and continued personal and professional growth.
- Nine years of elementary classroom teaching have taught me to be adaptable, organized, self-sufficient, and kind.
- Three months of 60-hour weeks in the University of Denver's Full-Stack Coding Bootcamp have prepared me to thrive in a fast-paced, outcomes-driven, agile environment.

TOOLS AND SKILLSET

Git | Heroku | VS Code | HTML5 | CSS3/Bootstrap | JavaScript/jQuery | Node/npm | Handlebars
React JS | Express JS | Insomnia | MySQL/Workbench | GraphQL/Apollo | MongoDB/Compass

PROJECTS

BUBBLE DUNGEONZ

<https://bubbledungeonz.herokuapp.com/>

- As client owner, developed and maintained consistent styles and themes for application UX/UI.
- As a team member, coordinated and collaborated to push from start to deployment in only five days.
- Personally responsible for app theme, front-end React logic, component routing, and Apollo Client server queries
- Tools Featured: React JS, CSS, Bootstrap, JSON Web Tokens, NodeJS, ExpressJS, MongoDB, Apollo GraphQL

KISS THE COOK

<https://kiss-the-cook.herokuapp.com/>

- As agile scrum master, led daily morning meetings and developer check-ins.
- Personally responsible for app concept, creation of wire frame, server, MySQL models, seed files, user authentication, CRUD request routes, and occasional front-end JavaScript logic.
- Tools Featured: HTML, CSS, Bootstrap, Handlebars, NodeJS, Bcrypt, ExpressJS, MySQL, Sequelize, AnimeJS

EDUCATION

FULL STACK CODING CERTIFICATE
University of Denver Bootcamps

OCT 2022

MASTER OF EDUCATION
Northern Arizona University

DEC 2013

BACHELOR OF THE ARTS with concentration in Biology and Environmental Studies
Colgate University

MAY 2012

WORK EXPERIENCE

TEACHER – 4TH GRADE

JUL 2019 –

Westgate Elementary School, Jeffco Public Schools

JUL 2022

- Instructional Leadership Team (2020-2022)
- In response to shifting family and community needs during the COVID19 pandemic, volunteered and transitioned to meeting data-driven student outcomes while teaching fully remotely for the 2020-2021 school year.
- Provided daily one-on-one support to enable my technologically-hesitant grade-level teammate to meet those same outcomes with her remote class.
- Rated “Highly Effective,” the highest performance rating on Jeffco Public Schools’ teacher evaluation rubric

TEACHER – 3RD GRADE

AUG 2016 –

John H. Amesse Elementary School, Denver Public Schools

JUL 2019

- Adopted a leadership position amongst my peers by volunteering as the building-level Association Representative for the Denver Classroom Teachers Association (2018-2019)
- Elected to School Advisory Board (2018-2019)
- Volunteered on behalf of the community as a member of the School Restart Design Team (2017-2018)

TEACHER – ECE-5TH Science, Technology, Engineering, and Math (STEM)

JUL 2015 –

Oakland Elementary School, Denver Public Schools

JUL 2016

- First encountered programming through my 5th grade robotics unit focusing on the safe cleanup of an environmental disaster.
- Used the example of the Fukushima nuclear disaster to guide students in building and programming robots that could safely navigate a hazardous disaster site.

TEACHER – K-3RD Science, Technology, Engineering, and Math (STEM)

JUL 2014 –

Pine Lane Elementary School, Douglas County School District

JUL 2015

- With only one year’s prior teaching experience, independently adapted and enriched a single month-long unit of a provided curriculum to span an entire school year and connect appropriately with students across multiple grade levels.
